New Location for 2017 Show

After several years of holding the annual Prairie Canada Carving Competition at CanadInns, we are changing locations for the 2017 show. On September 30 we were informed by CanadInns that our 2017 event was being bumped in favour of a larger event. While this was a huge disappointment, it gave us the opportunity and motivation to search for another location. We are pleased to announce that we found that new location at **The Pembina Curling Club, 1341 Pembina Highway, Winnipeg.**

The Board of Prairie Canada Carvers is excited about this change and the potential it brings to expand our show. Over the next several weeks we will be exploring ways to take advantage of our increased space – perhaps new vendors, increased displays, better space for workshops, etc. We will keep you informed through bulletins like this one. If you have suggestions about how we can use our new space, feel free to contact one of the co-chairs with your ideas (Lynda Baxter at lyndabaxter0@gmail.com or Tom Park at tpark@mts.net).

We are looking forward to our new relationship with Pembina Curling Club. They are focused both on supporting their members and giving to the greater community, so they have been very welcoming to Prairie Canada. And since we are a non-profit group, it is good to be able to give our dollars to another non-profit group to help further their goals.
